MUR # 5583

Dear Enforcement Division:

I have attached a copy of a mailing that was forwarded to us today by the Tom Daschle for US Senate campaign. The South Dakota Republican Party is not responsible for this mailing, nor do we have any knowledge of who is responsible.

The disclaimer on the mailing reads "Paid for someone who loves Jesus and friends of swIJ. This ad is not authorized by any candidate or candidate committee."

I believe that this mailing may be in violation of FEC reporting laws and, therefore, encourage an investigation into this matter. I also request that any violators be prosecuted to the full extent of the law. Additionally, I ask that you notify me immediately if you are able to determine who is responsible for the mailing.

Sincerely,

Jason Glodt

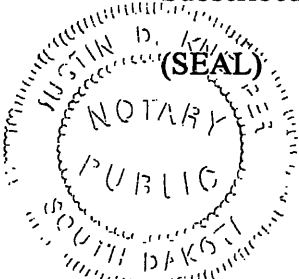

Executive Director

Our Senator Tom Daschle is a very important man in Washington, if he wants to do something he can get it done very quickly. At the same time if he doesn't want to do something it will never get done!

The enclosed information is sent to you in the hope that Tom Daschle gets something done before the next election. This speculation is placed upon him for we will not allow him to do anything for the South Dakota voters. This is for tell us he is going to vote one way before the election only to vote the other way after the election. If Sen. Tom Daschle wants our vote then he needs to earn it. Let me tell you why.

When the abortion issue went to the Supreme Court, had our politician voted to make a constitutional amendment that abortion kills and abortionists should be punishable by death. The Senate decided that our politicians allowed since then would have never happened. Today our Senator Tom Daschle is telling South Dakota voters that he is personally against gay marriages yet he won't stand in favor of a constitutional amendment that supports this claim and anyone who doesn't stand against stands for and we only need to remind us of the mistakes we made with abortion to know how this is true. Now Tom's actions reveal the hidden truth towards how he really feels on this subject.

Wherefore I plead with my fellow Christians that you call your senator(s) and ask them to support the following bills: HR 255, the Federal Marriage Protection Act, HR 235, the House of Worship Free Speech Restoration Act and HR 2028, the Pledge Protection Act. Details of these are on the reverse of this flyer.

Finally if Senator Tom Daschle makes the effort to support and pass these three bills before the November election, please give him your vote. However, if he does not please do not, for the other guy certainly would!

Please enjoy and share the bipartisan bumper sticker(s) for your car windows. Knowing democrats will appreciate the lines as it asks people to vote for Tom Daschle in the same moment the second line favors republicans as it details the cons if Tom Daschle is ever elected.

Please call Sen. Tom Daschle and tell him to support and pass H.J. RES. 56 the Federal Marriage Protection Amendment this is nearly identical to the legislation that was voted down by both Tim & Tom this past summer! Another important bill to ask Tom to support and pass is H.R. 235 the House of Worship Free Speech Restoration Act it seeks to remove the Internal Revenue Service restrictions and let pastors speak not only about the political process and political issues -- but even about candidates! U.S. Rep. Walter Jones, R-N.C., authored the bill and said, "we're as close as we've ever been to getting this thing done." "We're just trying to get people around this nation to really get energized and behind this." Please put notice of this bill within your bulletins in hope people will get energized and to call our senators asking them to support this bill, that is constitutionally protected in our First Amendment: Congress shall make no law respecting an establishment of religion or prohibit the free exercise thereof...

Please ask to support H.R. 2028 the Pledge Protection Act too. The phrase "under God" is back in the spotlight, Rep. Todd Akin, R-Mo, authored the legislation. It says no federal court, including the Supreme Court can hear any claim that the recitation of the Pledge of Allegiance violates the First Amendment of the Constitution. Akin said the intent of H.R. 2028 is to rein in judicial tyrants who legislate from the bench -- as the 9th U.S. Circuit Court of Appeals did in declaring "under God" unconstitutional in the Michael Newdow case. "They are saying that children cannot say the Pledge of Allegiance," Akins explained. "That's a form of censorship of speech, and its restricting free speech."

Please ask your parishioners to call Sen. Tom Daschle asking him to Support and Pass all three of these bills before the November 2 Election! If he does, please give him your vote. If he does not, please do not!

Freedom of Speech, is not Free!

The cost of constructing this mailer was 35c for the envelope plus 30c per inside window sticker and a 37c stamp. Luckily the inserts only cost 15c for a total of \$1.62 for each mailer. Not including time.

Please do not let this expression go to waste, please display the enclosed inside window sticker on non-tinted windows that the message is seen clearly. Thanks to you it will work with God's Blessing!
